NOTEBOOKS ARE BRAND AMBASSADORS

A notebook that features your corporate logo on the cover or which contains a customised page layout, leaves a lasting impression. Notebooks accompany their owner to the next meeting, journey or to the cafe around the corner. They create a strong brand loyalty because they are always at hand. If the notebook is also embossed with the name of the intended recipient, this effect is enhanced.

We are able to embellish our products starting with a minimum order of 50 pieces. Discover our product world and combine it with a host of embellished details – perfectly tailored to your needs.

INDIVIDUAL DESIGN OPTIONS

Combine the uniqueness of your brand with the individuality of a notebook. Our products can be tailored to meet your requirements in numerous different ways. Choose from a host of sizes and rulings as well as a variety of colours for the cover. Our notebooks can be customised at different stages along the production chain – including embellished details on the cover and a bespoke page layout.

LOGO EMBOSSING

Our notebooks and calendars can be enhanced by e.g. stamping with a single-coloured foil – a way to depict a deeply contrasting logo or lettering. We have many vibrant colours available to enhance your book.

Alternatively, a (colourless) blind embossed logo is possible – a process whereby neither ink nor foil is used. A three-dimensional effect is achieved by simply compressing the material.

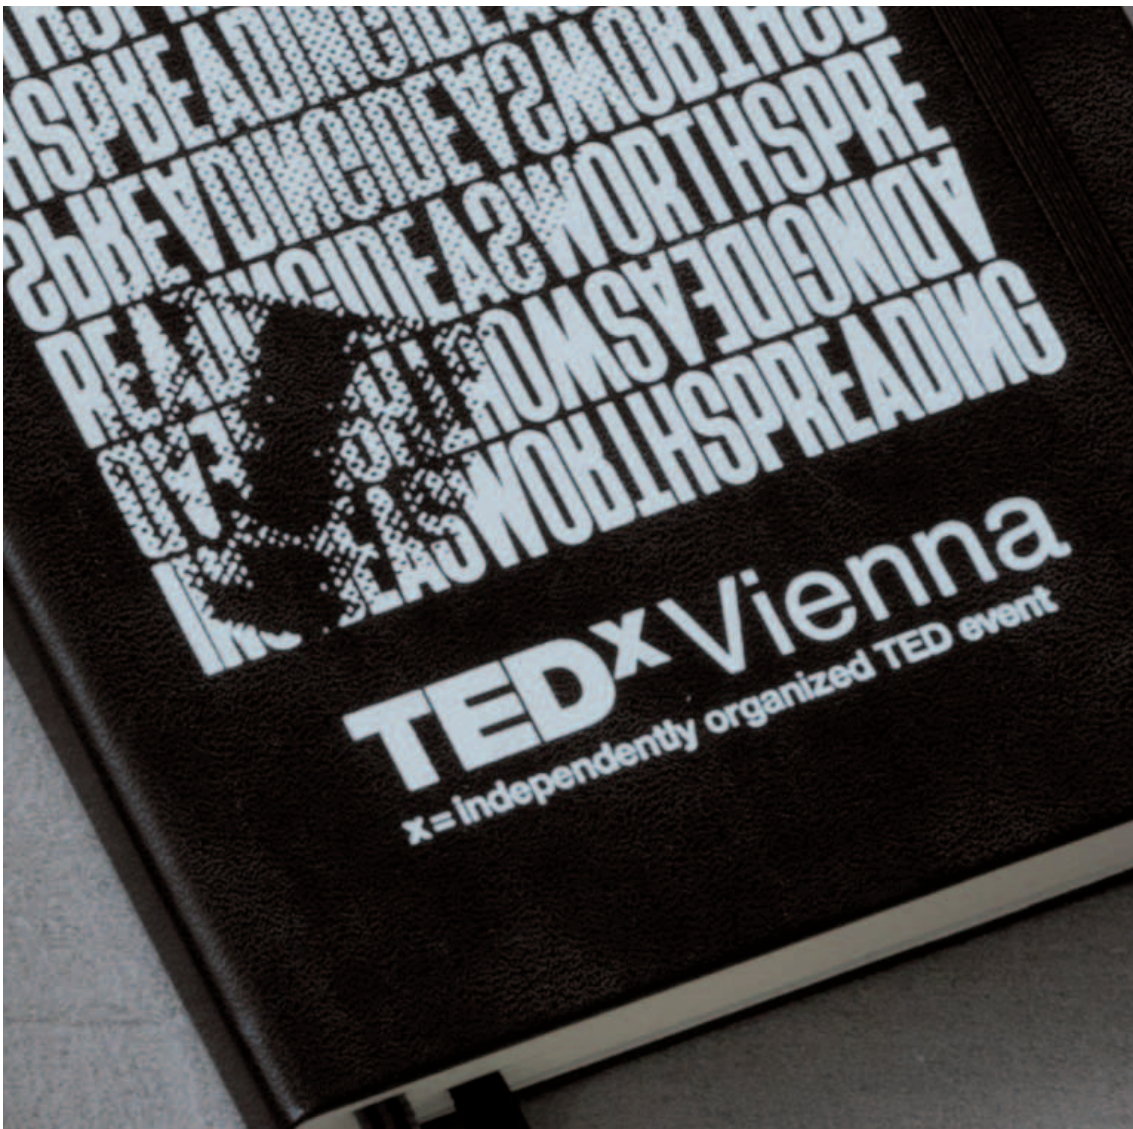

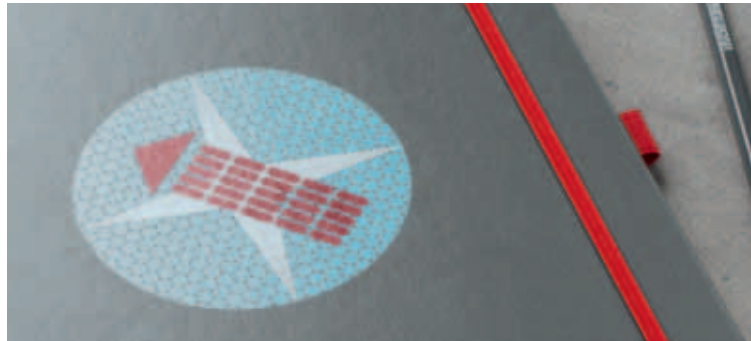

RADIANT MOTIFS for a true eye-catcher.

* FINISHING: UV DIGITAL PRINTING

DIGITAL PRINTING

Ideal for a photo-realistic portrayal using multi-coloured motifs with colour gradients and shades – colour fastness and brilliance are even achieved on a coloured cover. Digital printing is also perfect for printing discerning motifs.

An impressive gift – a personalised LEUCHTTURM1917 notebook.

INDIVIDUAL EMBOSSING

Our notebooks and calendars can be enhanced using many vibrant colours or by blind embossing.

FOIL COLOURS

Play with colour when embossing a logo and individual name.

FONTS FOR EMBOSSING INDIVIDUAL NAMES

Embossing individual names are great as an eye-catcher. Two different fonts are available for blind embossing. Make the most of this special service for your employees, customers or business partners. Why not opt for an embossed logo with individual name stamping too.

PROMOTIONAL PAGES

A promotional page is an individually designed, single sheet, which can be subsequently inserted into a book. It provides space for additional communication. The advertising page is slightly narrower than the book pages and does not have rounded corners. Available in white and chamois-coloured paper. Printing is possible on both pages up to 4C.

ENDPAPERS

Use the initial pages for a special greeting. This double page connects the book cover with the body of the book, and there are many ways to create an individual lasting impression. The endpapers are made from 160 g/m² paper, and are available in white and chamois-coloured paper.

THE WHITELINES PRINCIPLE

Lines should be so fine that they guide your writing or drawing without encroaching upon it. Some years ago, the Whitelines company from Sweden expanded on this idea and made it the functional core of their product. The basic principle is very simple:

The Whitelines Link® app recognises the pages of the notebook through “automatic capture”. You simply have to focus on the page with your smartphone. The app scans automatically, and the writing disappears. You can digitally edit your notes instantly, send them by email or make them accessible immediately via various platforms such as Dropbox, Evernote or Facebook.

The lines are white and the paper is light grey – this is easy on the eye. When photocopying and scanning, the background disappears – the lines are no longer visible.

Tests have shown that this results in significantly better results when it comes to Optical Character Recognition (OCR).
